Quality of Life Phones

For the past year, we have utilized three quality of life phones in the Bayview District. These phones allow members of the community to contact our officers directly on non-emergency calls that are of a continuing nature. We are currently evaluating the effectiveness of these phones. Please drop me a line with your opinion as to the effectiveness of these phones. In the next couple of months we will be making a decision on whether or not to continue their use.

Police Recruiting

Applications for the job of entry level police officer are available from May 2 to May 31 from the department's Examination Unit. To have an application mailed to you, please phone 575-6325 before May 24 and provide your mailing address. As I have stated during prior recruiting drives, I am happy to mentor any Bayview residents who would like to apply for these positions. We will send you out on a ride-along in the district so that you can become acquainted with the actual job, and I will sit down with you to discuss what you can do to prepare for the entrance examination and background investigation.
