FREE TREES FOR BAYVIEW RESIDENTS!

Dear Community Member:

Did you know that Friends of the Urban Forest (FUF) will be planting FREE TREES in Bayview Hunters Point on September 20th? Join your neighbors and enjoy this opportunity to network with each other while building community.

Since 1981, FUF along with community volunteers has planted 2,498 trees in the Bayview. There are still thousands of potential spots for new street trees in the area. In the last three years alone, with the assistance of people like you, 628 trees have been planted just in the Bayview! Usually residents are asked to pay \$165 per tree. Right now special funding makes trees free for the Bayview. For the first time, we are also offering fruiting trees in front yards, if there is space. FUF needs assistance promoting this program and getting people to sign up for free trees.

Please help us get the word out to your constituents communicating the benefit of trees, how easy and it is to plant them and that they are free.

Encourage them to join our community planting.

FUF recognizes that San Francisco's southeastern neighborhoods suffer from a lack of green spaces, tree coverage and community engagement. In these same neighborhoods proportionately high levels of air and noise pollution, asthma, crime, and/or poor academic performance among school children are also realities. Increased tree coverage achieved through community-led tree plantings will address each of these problems by improving the air quality, calming traffic, buffering noise, building community relations and pride, reducing crime and even improving concentration in children.

You are a community leader and we count on people like you to build advocates for our urban forest. Our Saturday tree plantings are wonderful mornings where neighbors get together for a fun and fulfilling activity, friends are made, lunch is shared and all participants leave with a feeling of pride in their community. If you have been thinking about leading an event this would be a great opportunity to engage your own group while expanding your reach. Your organization's reward for participating in the Bayview tree planting is the creation of a more livable city. I will be giving you a call next week to answer any of your questions. We look forward to spending the day with you in September!
